

LOVEBRIGHT CORE PROGRAM

WHAT IS LOVEBRIGHT

Our Lovebright Collection showcases a patented setting technique that enhances the brilliance of the center diamond. Instead of 58 facets, there are 522 facets as the fire from each diamond plays with those around them.

WHY LOVEBRIGHT

Lovebright has consistently helped our partners achieve a high turn & high gross margin, both of which are crucial to running a profitable operation. We can provide references from any part of the United States!
